### **Product: Sleepypod**

The Sleepypod is three products in one: a carrier, a pet bed, and a safe car seat. Ultra plush bedding surrounded by a luggage-grade, ballistic nylon base forms the bed that easily becomes a carrier by simply zipping on its mesh dome. In a car, the crash-tested Sleepypod becomes a safe car seat. On the road and at your destination away from home, a pet remains in its own bed through the entire journey.

Sleepypod can be augmented with a four seasons system of accessories to include Air Mesh hammock bedding to help keep a pet cool in warmer climates, a plug-in Warmer pad that slips below the standard Ultra Plush bedding to help keep a pet warm in cooler climates, a car adaptor plug for the Warmer pad to add maximum travel comfort, and Cloudpuff pet blanket.

Sleepypod has been awarded *LIFE + DOG* Best in Show (2011), *Susie Homemaker*<sup>TM</sup> Seal of Approval for Quality and Excellence (2011), *Doggie Aficionado* Reader "Best of" (2010), *Bark Buckle Up* Pet Safe Choice (2009), *Cat Fancy* Editors' Choice (2007), and the *Pet Product News* Editors' Choice Award (2007).

#### Features:

- Removable mesh dome reveals an everyday pet bed or pet bed away from home
- Seatbelt straps allow Sleepypod to be safely secured in a car seat
- Secure and durable mesh dome
- Easy access from the dome top or when the dome is removed to reveal the bed
- Removable, Ultra Plush bedding is machine-washable
- Easy clean exterior is made of luggage-grade, ballistic nylon
- Adjustable shoulder straps with comfort padding
- Carry handle
- Ergonomic zipper pulls
- A pocket below Sleepypod's bedding can hold a separately sold electrical Warmer Pad to help keep a pet extra cozy (see accessories)
- Air mesh hammock bedding, sold separately, can be used in place of the standard Ultra Plush bedding to help keep a pet cooler in warmer environments (see accessories)

### Sleepypod Accessories

#### **Accessory: Cloudpuff pet blanket**

Cloudpuff blanket is made from the softest polyester plush available. The suede-like backing and trim make Cloudpuff a durable and luxurious blanket that can be used as an extra layer of padding or rolled up for use as a pillow.

Specifications:

- Large size: 32 x 21 inches
- Medium size: 19 x 16 inches

#### **Accessory: Universal Warmer**

The Sleepypod warming pad is available for added security and to ward away the cold of those especially chilly nights. The low wattage warmer is designed to maintain a toasty 102°F (39°C), perfect for those times when a human lap just isn't available. The adaptor with its quick disconnect cord is rated for 100-240 volts, 50 or 60 Hz. We have approved adaptors available for use worldwide: USA (UL), Japan (PSE), Great Britain (CE TUV), Europe (CE GS TUV) and Australia (NSW20709). Available in two sizes for use with Sleepypod, Sleepypod Mini, Sleepypod Air or Crater Dot.

#### **Accessory: Air Mesh bedding**

On hot summer days, pets just want to stay cool just like us. While the Ultra Plush bedding is great for cold and moderate temperatures, sometimes it is just too hot to use during summer months. When we think of comfort on hot summer days, we think of lounging under a shaded area in a hammock. Pets feel the same way and also want some relief from the heat. We developed the Air Mesh Hammock for this very reason. Available in two sizes for use with Sleepypod or Sleepypod Mini.
