

As we all try to find our footing in this unsettling time, Sleepypod is adapting its business operations to ensure the health and well-being of Sleepypod's employees, their families, and community. While Sleepypod U.S., Canada, and Europe online stores are open 24 hours and continue to ship without disruption, starting March 19, Sleepypod's HQ and retail store will for the most part become a virtual office with most employees working from home.

You can reach Sleepypod team members by email, web chat, and phone during regular business hours Pacific Standard Time (PST):

Email Customer Service: contact@sleepypod.com

Email General Inquiries: info@sleepypod.com

Email Sales: sales@sleepypod.com

Virtual Chat: click bottom right corner at sleepypod.com - available regular business hours PST

Phone: (626) 421-6818 - available regular business hours PST

A small team will be available onsite to manage operations and to receive mail and deliveries.

Like most of you, we at Sleepypod are keeping an eye on developments surrounding COVID-19. Should there be any disruptions to service we will share this information with you here.

Thank you for your continued trust in Sleepypod for your pet's safer travel. The Sleepypod team is still hard at work creating innovative and safe pet products. We are looking forward to sharing these products + new research with you soon. Until then, we wish you and your loved ones good health.
