- Fear Free – Preferred Product Program
- *Innovative Veterinary Care Journal* – Innovation Award
- *Pet Business* – Industry Recognition Award
- The International Cat Association (TICA) – Endorsement of Excellence

COMPACT COMFORT

Ergonomic and sleek, Sleepypod Atom fits comfortably below a wide range of airline seats. For added versatility, seatbelt straps on two sides transform Sleepypod Atom into a safe car seat. Other significant features include a secure and durable mesh panel positioned on three sides for better ventilation; cozy, Ultra Plush bedding that is removable for easy cleaning; and top and side entries allow for convenient access. In addition, it is designed to fold flat for easy storage. Sleepypod Atom has a sturdy, easy-clean exterior that is made of luggage-grade, ballistic nylon. A safety tether, large front zipper pocket plus two smaller end pockets for essential pet items, adjustable shoulder straps with comfort padding, a padded carry handle, and ergonomic zipper pulls are additional features.

Crash-tested:

Sleepypod Atom was rigorously tested to include the same dynamic crash testing that ensures the performance of child safety restraints. It was tested at U.S, Canadian, and E.U. child safety standards.

Watch the crash tests:

- U.S child safety seat standard FMVSS 213 – <https://bit.ly/SleepypodAtomUS>
- Canada child safety seat standard CMVSS 213 – <https://bit.ly/CanadaAtom>
- E.U. child safety seat standard – ECE R44 – <https://bit.ly/EUAtom>

Independently tested and certified:

Sleepypod Atom has been proven in independent testing by the Center for Pet Safety to be one of the safest car harnesses in an auto collision, earning the highest possible Five Star rating. More at
