- *Metropolitan Home* – Design 100
- The International Cat Association (TICA) – Endorsement of Excellence

STRESS-FREE TRAVEL

Many cats and dogs associate travel with negative experiences such as a trip to the vet or kennel. Sleepypod Mini mobile pet bed allows a pet to travel safely in the comfort of its own bed, thereby reducing travel-related stress because the Sleepypod is already a trusted part of its everyday life.

Sleepypod Mini is the ultimate pet travel multi-tasker. It's a carrier, a pet bed, and a car seat. Ultra Plush bedding surrounded by a luggage-grade, ballistic nylon base forms the cozy bed that easily becomes a carrier by zipping on its mesh dome. In a car, the Sleepypod becomes a crash-tested car seat. On the road and at your destination away from home, a pet remains in its own bed through the entire journey.

Four seasons of comfort: Sleepypod Mini can be augmented with a four seasons system of accessories. Air Mesh hammock bedding to help keep a pet cool in warmer climates and a plug-in Warmer pad that slips below the standard Ultra Plush bedding to help keep a pet warm in cooler climates.

Crash-tested:

Sleepypod Mini was rigorously tested to include the same dynamic crash testing that ensures the performance of child safety restraints. It was tested at U.S, Canadian, and E.U. child safety standards.

Watch the crash tests:

- U.S child safety seat standard FMVSS 213 – <https://bit.ly/SleepypodMiniUS>
- Canada child safety seat standard CMVSS 213 – <https://bit.ly/SleepypodMiniCANADA>
- E.U. child safety seat standard – ECE R44 – <https://bit.ly/SleepypodMiniEU>

Independently tested and certified:

Sleepypod Mini has been proven in independent testing by the Center for Pet Safety to be one of the safest car harnesses in an auto collision, earning the highest possible Five Star rating. More at <http://www.centerforpetsafety.org/cps-certified/>
